TESTIMONIALS

Terence Tait knows the Yukon. He also knows how to figure out what someone is honestly looking for in a new home, and he knows how to match the right person with the right house. Recently I was that person. I liked how Terence took the time to understand what I was looking for -both in the sale of my house, and the purchase of a new home. He took into account the various details of my requests and then explored a little deeper to understand what was behind my preferences. It soon became apparent that he does that for all of his clients as I know that everyone ended up with what they were looking for -the seller of my new house, the buyer of my old house, and my daughter and I with our new home. Thanks, Terence.

I am writing to give Terence Tait my highest recommendation. Terence possesses all the attributes necessary to be an excellent broker: he knows his market extremely well; he is diligent, responsive, and yet very patient with his clients. Terence is both very professional and personable. He clearly takes pride in doing a good job. In my particular case we were selling one home and purchasing another, there were many rough spots on the road to buying and selling at the same time and in every instance Terence was a great help.

It would be hard to envision someone doing a better job than Terence or being anything but happy in choosing to work with him.
